## NOTES

This year we shot World Archery / Metric Clout(s), the principal difference being that the scoring area is more than twice as big: 15m (49.2ft) diameter, versus 24 feet (7.3m)!

Various field layout considerations dictated that Jamie shot from a distance of 115m, rather than the 110m minimum for his age group set out in Archery GB rule 707.

Medals were awarded after the first clout round. A second clout round was then shot, enabling those who wished to to complete a double clout (for bragging rights only).
